C21-steroid hormone biosynthesis and metabolism
Biopterin metabolism
Drug metabolism - cytochrome P450
Arachidonic acid metabolism
Androgen and estrogen biosynthesis and metabolism
Pentose and Glucuronate Interconversions
Omega-3 fatty acid metabolism
CoA Catabolism
Prostaglandin formation from arachidonate
Glyoxylate and Dicarboxylate Metabolism
Vitamin A (retinol) metabolism
Linoleate metabolism
Leukotriene metabolism
Vitamin B5 - CoA biosynthesis from pantothenate
Vitamin B9 (folate) metabolism
